# Grade 10 Math Options

---

## 1) Introduction to Applied and Pre-Calculus Math

Provides students with the mathematical understandings and critical-thinking skills identified for post-secondary studies. Students will choose to continue with Applied or Pre-Calculus stream upon completion of Grade 10 credit.

Recommended minimum Grade 9 math mark = 75%

## 2) Essential Math

Provides students with the mathematical understandings and critical-thinking skills identified for entry into some post-secondary studies, the majority of trades, and for direct entry into the work force.

Students can take both Grade 10 math courses.  
Second math course would count as an elective.

# Grade 10 Math Options – Unsure???

---

Ask your Grade 9 Math teacher for their input – they will have the best insight into your mathematical abilities!!!

Questions to help you determine whether you are prepared for Grade 10 Intro to Applied & Pre-Calculus:

- What is my level of success with the Grade 9 outcomes specifically geared towards Applied & Pre-Calculus math?
- Do I have a positive attitude towards math?
- Do I have a strong work ethic in math?

# Grade 10 Enriched Courses

---

Provide a challenge for students who are highly motivated, willing to persevere and enjoy the subject area.

Students go deeper into their learning and gain knowledge and skills to apply to future coursework including post-secondary education.

- Enriched Math 20S – minimum mark of 85% in Grade 9 Math
- Enriched English 20S – minimum mark of 85% in Grade 9 ELA
- Enriched Science 20S – minimum marks of 85% in Grade 9 Math and Science

A student can choose to take one, two, or all three enriched courses.

# Indigenous Student Centre

---

- Provides cultural and academic support for our Indigenous students
- Utilizes education and understanding of Indigenous perspectives to make connections with our youth to achieve Mino-Bimaadiziwin (the good life)
- Students are provided with leadership opportunities in the school and their community through P.A.S.S. (Promoting Aboriginal Student Success)
- Supported by two classroom teachers and our Indigenous Counsellor

# Flexible Education

---

- For students that need more flexibility with their programming and/or learning environment
- Students may take one or more courses in our Flexible Education program
  - On-site at the Comp
  - Off-site through the Lord Selkirk Education Centre
- Students in our Flexible Education classrooms may access the following:

Mini-lessons/small group support	One on one support
Homework period	Satellite learning/medical remote learning
Credit recovery	Full credit courses
School/grad/life/career planning	Well-being supports
Cultural connections/Indigenous perspectives	
- Registration for Flexible Education is completed through a referral process initiated by Grade Level Student Support Team upon consultation with student and family
